

ANZERE LIBERTE BENEFITS ARE CHANGING

... HERE'S WHAT YOU NEED TO KNOW

EVOLUTION OF THE NUMBERS SINCE THE ANZERE LIBERTY PASS WAS CREATED

YEAR	TAX COLLECTED	NUMBER OF DISTRIBUTABLE PASSES	NUMBER OF DISTRIBUTED PASSES
2018	1942 k	11253	7131
2021	1874 k	11403	8298

The amount of tax collected decreases each year, whilst more and more owners collect their passes to use them over the summer. As a result, the costs for offering the activities and benefits of the pass are increasing.

HOW THE TAX IS USED

The use of the tourist tax is subject to the laws adopted by our communes and the Valais canton. In particular, this regulation specifies the proportion of the collected tax that we can use for the free Anzère Liberty services (maximum 30%) and the proportion that we can use for investments (minimum 20%). The other 50% is used for managing the information and reservations services, entertainment and events and for the operation of our tourist, cultural and sports facilities. All decisions concerning strategy and investment are taken by the management board of Anzère Tourisme SA (ATSA) and validated by the Arbaz and Ayent communes.

LIST OF RECENT INVESTMENTS

Contribution of 2.2% of the total investment for the new Luys chairlift, financial contribution for the construction of a riding hall for the ATTA (Arbaz horses), Lombardon pond drainage, "AnzAIR" swings, Fun Park, development of the Wildorn centre, exterior extensions at the Anzère Spa & Wellness, maintenance of the ice climbing wall, magic carpet and Pump Track. More information can be found in the management report. (Scan the QR-code at the bottom of the page)

MAGIC PASS INFORMATION

Many visitors and second home owners purchase the Magic Pass (MP), and as a result benefit in two ways for using the gondola for free in the summer. More than 7,500 people have chosen Anzère as their main resort to use their MP! MP holders can continue using the gondola for free this summer, and in addition use the ski lifts of many other destinations. Anzère Liberté Pass holders can benefit from a reduction of 50% on the gondola prices from 24 June to 23 October.

**Magic
Pass**

ANZERE'S LIBERTÉ CARD IS ONLY VALID IN THE SUMMER, BUT THERE ARE ADVANTAGES THROUGHOUT THE YEAR FOR SECOND HOME OWNERS

Your benefits in the winter, all provided free of charge: shuttle bus, use of the village magic carpet and draglift, the toboggan run and ice rink on the village square, entertainment and events, Fun Park with its snow park, night skiing and airbag. All of this is provided at a cost of CHF 350K.

AND FINALLY ...

Because of the strong increase in the popularity of our resort, real estate prices have increased over the last few years. Prices for unrenovated properties have gone up by 30% and for renovated properties, this figure is nearly 50%. Don't forget that by renting your property for more than 5 weeks in a year, you cover the amount of taxes to be paid.
